Profile

Freelance project manager based in Barcelona. Strong experience in international environments and used to evolve on high pressure and tight deadlines projects.

10 Years experience

Experience

Founder, In The Mirror Films – 2017 - Present (Personal project)

In The Mirror Films is an independent production company based in Barcelona, operating in Europe specialised in social documentaries.

Raise awareness on cultural differences and similarities, show people's life how it really is and dive into social issues to make them heard by those who usually ignore them are the leitmotivs of IN THE MIRROR FILMS.
